DCB 1 and 2 Check Points

Students pursuing BSBA/BSACC degrees must meet Degree Check Points (known as DCB 1 and 2) as they successfully matriculate and subsequently graduate.

Check Points serve as collective prerequisites, providing necessary content and background. They must be closely followed. Students may not enroll in courses in the next Check Point until they have met requirements in the current Check Point.

[^]Microsoft (MCAS) certification is embedded in STAT 1300 (Excel) and STAT 1400 (Word, PPT). If a student transfers in STAT 1300 and/or STAT 1400, they must meet MCAS separately.
